WHAT DO YOU KNOW ABOUT HISTORIC PRESERVATION?

- Did you know that well-preserved neighborhoods are safer as well as more beautiful and healthful places to live?
- ...that maintaining a historic neighborhood is NOT about being rich but about coming together?
- ...that the IRS offers TAX CREDITS for commercial or rental properties that stick to preservation guidelines in renovation?
- ...that every dollar we invest in an historic district has a HUGE multiplier effect...for the house...for the neighborhood ...for the community? for the environment?

(...and did you also know that Historic Preservation is the Law?) ●
